

LPL Financial's Carolinas Campus

Guided by nature and innovation, the campus was designed to reflect LPL's commitment to employee wellbeing and sustainability. Combining natural elements with employee amenities and resources, LPL has created an inspiring workplace where employees are empowered to do their best work.

SUSTAINABLE DESIGN

The campus design leverages technology and materials that minimize impact to the environment.

18M GALLONS
of rainwater collected in the cistern annually and only 8M gallons needed to operate plumbing, cooling and irrigation systems

100 PREFERRED PARKING
spaces for fuel-efficient vehicles and **12 EV** charge stations

RECLAIMED HARDWOODS
from the site and used in building materials

4,900 MILES
of fishing net retrieved from the ocean and recycled for use as interior carpet

EMPLOYEE WELLBEING

The campus includes design features and amenities that take advantage of its natural surroundings, promote employee wellbeing, and encourage greater physical movement.

GLASS STAIRWAYS
encourage employee movement

2 MILES
of walking trails

BOARDWALK
features open air lounge spaces with various seating options and WiFi access

ONSITE CAFETERIA

COMMUNITY GARDENS
